#### COMMENTS:

IMPORTANT: This must be read to the patient/representative "In signing this form you are consenting to this information being shared with partner organisations in accordance with the Data Protection Act 1998"

Please tick here if completing by phone to demonstrate you have discussed this with the patient

### What is Connections for the 4<sup>th</sup> Generation?

This project is designed for Fulham residents aged 85 years or older by supporting them following a recent hospital admission. This project aims to:

- Increase social inclusion by linking individuals with social groups, activities and other support services such as befriending and transport assistance.
- Help prevent future unplanned hospital admissions

Initial support is provided by the Fulham Good Neighbours Service, a small local charity which aims to:

- Enable elderly, disabled & vulnerable people to live independently
- Help overcome social isolation & loneliness
- Be at the heart of the local community

### Who is eligible?

This project is open to Fulham residents aged 85 years and older who have recently been discharged home from Charing Cross Hospital. Our service covers all of the SW6 postal district as well as some adjoining areas.

Please check with Fulham Good Neighbours if you are unsure about eligibility.

### How does it work?

We are working with the British Red Cross "Next Steps" programme to identify people who may benefit from this project. Your "Next Steps" coordinator may talk to you about a referral to Fulham Good Neighbours.

- British Red Cross refers you for this project.
- A project worker will contact you to discuss how we can help.
- We can assist for up to 3 months to help introduce you to new services in your area. This includes assisting you with transport or accompaniment, if necessary.

### More information:

If you would like more information regarding this project, please contact:
